TERMS OF SERVICE AND PRIVACY POLICY

Last Updated: October 15, 2026

Welcome to the Roblox Developer Archives. By browsing this website, utilizing the Support Routing Lab simulation, or interacting with our secure communication terminals, you explicitly agree to comply with and be bound by the following Terms of Service and Privacy Policy.

If you do not agree to these terms, you are not authorized to access this library or use its contact forms.

PART 1: TERMS OF SERVICE

1. AGE RESTRICTION & RELIANCE ON TRUTHFULNESS

* Strict Minimum Age: Interacting with our transmission form nodes is strictly prohibited to individuals under 13 years of age.
* Reliance on Truthfulness: The website operator relies entirely on your electronic checkbox confirmation as a binding, truthful statement of your real age. We assume all message submissions are compliant with these age limits unless explicitly notified otherwise.
* Enforcement Protocol: If we discover or have reason to suspect that a communication was sent by a user under the age of 13, that email and all its metadata will be immediately deleted and permanently purged from our terminal logs to comply with privacy regulations.

2. COMPILATION COPYRIGHT & DMCA PROTECTION

* Original Ownership: The distinct user interface design, custom code architecture, unique catalog formatting, and analytical researcher commentary compiled on this site are the human authorship property of @Hamgram77.
* Intellectual Property Restrictions: Unauthorized scraping, automated mirroring, or direct copy-pasting of our compiled PDF research indexes for use on alternative platforms without explicit credit is strictly prohibited.
* DMCA Enforcement: We actively monitor the internet for plagiarized clones of our compiled research data blocks and reserve the absolute right to issue formal Digital Millennium Copyright Act (DMCA) takedown notices to third-party hosting providers.

3. DATA BREACH LIABILITY WAIVER (THE "CAN'T SUE ME" CLAUSE)

TO THE MAXIMUM EXTENT PERMITTED BY LAW, IN NO EVENT SHALL THE CREATOR OF THIS WEBSITE, ITS OPERATORS, OR CONTRIBUTORS BE LIABLE FOR ANY DIRECT, INDIRECT, INCIDENTAL, OR CONSEQUENTIAL DAMAGES.

THIS INCLUDES, BUT IS NOT LIMITED TO, PLATFORM ACCOUNT MODERATION, ROBLOX DEVFORUM LOSS, SYSTEM DOWNTIME, INDIVIDUAL DATA EXPOSURE, OR ANY DISRUPTIONS RESULTING FROM EXTERNAL CYBERATTACKS OR DATA BREACHES TARGETING OUR THIRD-PARTY FORM INFRASTRUCTURE. YOU ACCESS ALL COPIES OF THE RECORDS COMPLETELY AT YOUR OWN RISK. THIS INDEPENDENT LIBRARY IS PROVIDED ENTIRELY "AS IS."

4. NO CORPORATE AFFILIATION

This platform is a free, independent public-interest research repository. It is completely unaffiliated with, endorsed by, or sponsored by Roblox Corporation. All Roblox trademarks belong exclusively to their respective corporate entity owners.

PART 2: PRIVACY POLICY

----

1. DATA INGESTION & OPTIONAL PRIVACY RULES

To operate our secure contact terminal safely, we prioritize structural data minimization. We do not maintain a user registration database:

* Anonymous Drop Mode: Users submitting record files are instructed to use a Pseudonym and leave the email field completely blank.
* Optional Question Ingestion: If you choose to type an email into our optional text box to request a direct developer reply, your email address is transmitted directly to our secure relay node.
* No Selling or Tracking: We will never sell, trade, track, or share submitted email addresses or communication strings with external networks or third-party advertisers.

2. SECURE ICLOUD TERMINAL ISOLATION

All form submissions are processed through secure external cloud handlers and isolated directly within an Apple iCloud Hide My Email relay network node (tandem-arrears3t@icloud.com). This infrastructure allows us to instantly deactivate and destroy individual routing channels in the event of an automated spam attack or unauthorized underage communication attempts.
